## A MINISTRY WITH A GREAT REACH

Adventist World Radio is a media ministry of the General Conference of Seventh-day Adventists. With more than 1,000 radio stations and studios around the world, it is by far the media ministry with the greatest reach. Last year alone, 26 new radio stations were added in different countries.

Radio is still the primary source of communication for most of the world. It knows no borders, no walls, and no limits. It can penetrate homes and hearts with the gospel message and go where missionaries cannot enter.

The main target of Adventist World Radio's broadcasts is the 10/40 window, comprised of parts of North Africa, the Middle East, and Asia—areas currently closed to the gospel message, but easily reached by radio.

Every day, AWR receives emails, letters and messages from around the world. They touch the hearts of the staff, who pray over the needs, and requests every week. Recently, a man wrote:

"My name is Amir. I live in Iran and have been listening to your radio program. It has opened my mind, and I want to know more

about Jesus. Having other religious books is illegal here, but please send me your book by email and mail. Please cover it with a dark envelope and block out the title so it won't be confiscated."

**APPEAL:** Currently, AWR broadcasts in more than 100 different languages, but plans are underway to prepare evangelistic sermons for broadcast in more than 1,000 languages and dialects so that every person on the planet can listen to the gospel message in their language. Your faithful support of Adventist World Radio is making this possible. Thank you for your prayers and for partnering in the greatest calling ever—the saving of souls. Today the offering is for Adventist World Radio.

**PRAYER:** Father, thank you for the opportunity to work with you in the saving of souls. Please bless the ministry of Adventist World Radio. We know it is only through your Spirit that this work can go forward, and lives can be changed for the kingdom of heaven. In Jesus' name, Amen.

Submitted by Alyssa Truman for AWR.
