Daniel saw the development of the great controversy, everything the people of God would have to go through and, instead of revealing the explanation for everything the Lord only asked him to seal up the vision because it referred to the future, to the time of the end.

That is why we need to reach all nations, bringing the Good News to every single person living on the surface of the earth. As you return your tithe and give your Promise, think about how your faithfulness can be a blessing to those who haven't heard a word about the Gospel. Pray to Jesus so you become useful in His kingdom even before the world witnesses Him coming back in the clouds.
