ADVENTIST STEWARDSHIP MINISTRIES

# **Tithes & Offerings**

Editable Videos Instructions

# Step by Step

Summary

**01** Files Formats

**02** Voiceover

**03** Lettering

**04** Approval of the Final Version

# 01

**file  
formats**

## After Effects

Main tool for editing all animations.

## Premiere

Used for rare projects where animations are not really necessary.\*

## Photoshop

Files in which all animations links will be located.

\*Projects such as "01 God First by Habit" that use only Premiere Pro as a tool for editing.

# 02

## voice over

Please be careful when changing the English voiceover to your language. **Be aware that changing the language might cause you to resync the new voiceover** with the images of the video. That's the only scenario where further changes to the project will be accepted.

# 03 lettering

When changing the lettering, please make sure to **use the same fonts used for the entire project.** This is crucial to maintain the pattern throughout the videos. The fonts used for the lettering are also available in the folder. Please first download and install the fonts before updating the lettering.

# 04 approval of the final version

When finishing your editing process, please **send the edited video to the General Conference Stewardship Ministries Department** for approval. This step is very important to make sure that the pattern is being followed.

**Emails can be forward to [FlomoJ@gc.adventist.org](mailto:FlomoJ@gc.adventist.org)**

Thank you for participating in the editing process  
of the 2020 Tithes and Offerings Videos Project.  
**Your collaboration is vital to share our hope with  
the world, in many languages.**
