Learning to put God first.

Arnaldo Enriquez, a Peruvian and former SAD Stewardship Ministries director. This is a statement Enriquez made while explaining his efforts, to bring the tithe to the storehouse, as an acknowledgment of his dependence upon God. The new church in Buenos Aires, Argentina, presented Enriquez with a unique challenge. The church is located in an area with little Adventist presence, and the members were scattered with homes and jobs. Enriquez was the question of how to adequately finance the growing movement and support those who accept the truth throughout the world.
